Internship Certificate

This is to certify that Sayantan Bose, a student of Heritage Institute of Technology, has successfully completed an internship as a Research Assistant from August 2022 to July 2023 under the guidance of Prof. Anup K. Sinha and Dr. Rimu Chaudhuri. During the 12-month internship period, Sayantan demonstrated a strong commitment to learning and exceptional dedication.

Throughout his internship, Sayantan's presence was a valuable asset to our research team. His willingness to learn, adapt, and his positive attitude were evident in his daily contributions. As a Research Assistant, Sayantan actively engaged with the research process and showcased an eagerness to develop his skills.

We commend Sayantan Bose for his dedication and hard work during his involvement in the project titled "Environmental Sustainability of the State of Sikkim," which was funded by the Indian Council of Social Science Research-Eastern Regional Centre. The project was successfully submitted in February 2023 and aimed to explore critical aspects of environmental sustainability in the state of Sikkim.

Additionally, we acknowledge that Sayantan and the research team, under the guidance of Dr. Rimu Chaudhuri, presented a paper titled "Willingness to Pay for Preservation of Environmental Resources and Amenities: A Contingent Valuation Study in the State of Sikkim" at the Himalayan Policy Research Consortium's 3rd Graduate Student Research Panel on 23rd July 2023.

We are confident that his enthusiasm for professional growth will continue to drive his success in his academic and future professional endeavors.

INTERNSHIP COMPLETION CERTIFICATE

To Whom It May Concern

This is to certify that Sriya Das, a student of Heritage Institute of Technology, has successfully completed an internship program under the mentorship of esteemed professionals: Dr. Rudra Narayan Ray from Bankura Sammilani Medical College and Professor (Dr.) Rimu Chaudhuri from Heritage Business School. This internship commenced in June 2023 and concluded in November 2023, involving active participation in a project based on a patented concept by Dr. Rudra Narayan Ray. The project focused on the design and implementation of a prototype aimed at streamlining the blood sample tracking system in hospital environments.

During the internship, Sriya Das took on various responsibilities, including conducting comprehensive research on existing blood sample tracking systems, designing the prototype's architecture for seamless integration into hospital workflows, incorporating hardware and software components using Arduino, as well as rigorously testing, refining, and optimizing the prototype to ensure enhanced functionality and precision. This collaborative effort highlights the fusion of academic excellence and practical ingenuity, with the potential to drive significant advancements in healthcare practices.

The guidance provided by Dr. Rudra Narayan Ray and Professor Rimu Chaudhuri has played a pivotal role in guiding Sriya Das through the intricacies of the project. Their collective expertise has not only enriched Sriya Das's learning journey but has also contributed to the realization of this innovative prototype.

Sriya Das's outstanding dedication and professionalism throughout this internship are commendable, reflecting positively on their academic pursuits and future career aspirations.

Sincerely,

Prof. (Dr.) Rimu Chaudhuri
