Highlights

Message from Chairman, Kalyan Bharti Trust

The year started with a bunch of events to make the journey memorable at Heritage Group of Institutions, Kolkata. At Heritage, we believe that practical applications of knowledge make the students ready for the Industry. Likewise during this quarter, amidst the Covid-19 pandemic, we have organized various industry aligned webinars to give the students the right knowledge which will prepare them for the future. I feel proud to state that once again Kalyan Bharti Trust received the National Award for securing the First Position in the category of 'Best Newsletter' at the All India Public Relations Award Ceremony 2020 organized by Public Relations Society of India virtually. The Award was received by Shri Pradip Agarwal, our Chief Executive Officer from Dr. Ramesh Pokhriyal 'Nishank', Union Minister of Education, Ministry of HRD, Govt. of India on 21st February, 2021.

During this quarter, The Heritage School (THS) organized 'Gallery on Wheels' in association with West Bengal Publishers Coordination Committee, which is an Art Gallery, created in a Tram. The event got a good response from our students, parents and well-wishers since it was an innovative one in the city of joy. I wish all the best to the students who are going to appear in ICSE & ISC Examinations 2021 and expect that this year too our students would score high setting an example in the Country.

Heritage Institute of Technology (HITK) organized its Fourth Graduation Ceremony 2021 which was graced by various academicians and corporate leaders. We were the First Private Engineering College in Kolkata to organize the Graduation Ceremony on a Hybrid Platform setting an example amidst the Covid-19 pandemic. Moreover, the Institute organized its Alumni Meet virtually which witnessed the participation of more than 1000 alumni members across the world.

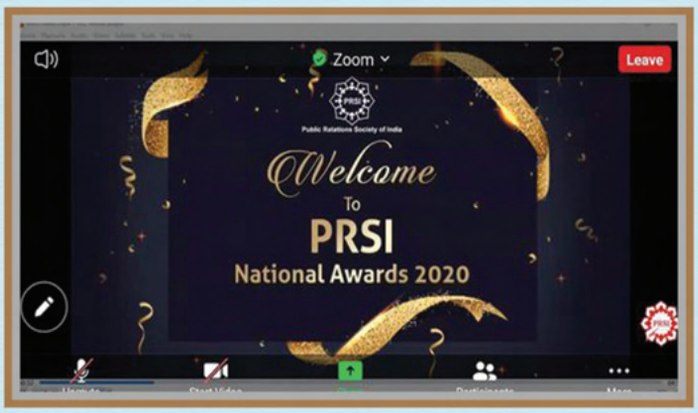

All these moments would not have been possible without the efforts of our faculty, staff, alumni, parents and well-wishers. I thank my fellow trustee members for supporting us in this noble cause. In future we are planning to establish a Design Institute, a Medical College and finally a University.

FOURTH GRADUATION CEREMONY 2021

Introduction

The Fourth Graduation Ceremony marks a milestone in the history of Heritage Institute of Technology, Kolkata. For all of us in the Kalyan Bharti Trust , it's a proud moment as the fourth batch of B.Tech, fifth batch of M.Tech and second batch of MCA students after the Autonomous status of our Institute formally get their degrees during this ceremony and it is a time of joy and achievement for them and, for most , a transition from student to employee; from a protected environment to the real world.

Inspired by the noble cause of education and philanthropic zeal, a group of twenty-two likeminded industrialists in Kolkata established in 1990 the Kalyan Bharti Trust (KBT), a public charitable foundation, to promote and provide higher education in the country and in the State of West Bengal, in particular.

Heritage Institute of Technology, Kolkata (HIT-K) was set up by KBT with a view to create a centre of excellence in technical education in eastern India.

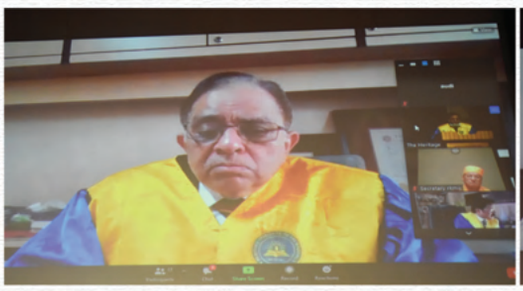

The aim is to be a leader in technical education in the country and to be at par with the best in the world. Since inception, HIT-K has been fortunate to attract the best possible faculty and has created one of the finest infrastructures available in the region.

At present the Institute offers 9 UG programmes in Applied Electronics & Instrumentation Engineering (AEIE), Biotechnology(BT), Civil Engineering(CE), Chemical Engineering(Ch.E.), Computer Science & Engineering(CSE), Electronics & Communication Engineering(ECE), Electrical Engineering(EE), Information Technology(IT) & Mechanical Engineering(ME) and 6 PG programmes in Applied Electronics & Instrumentation Engineering, Biotechnology, Computer Science & Engineering, Electronics & Communication Engineering, Renewable Energy & VLSI. It also offers a programme in Masters in Computer Application (MCA).

On recommendation of the UGC, the affiliating University Maulana Abul Kalam Azad University of Technology, West Bengal conferred autonomous status to the Institute with effect from the Academic Year 2014-15, initially for a period of 6 (six) years.

Total numbers of graduands for 2019-20 were 1072 with 985 B.Tech, 34 M.Tech and 53 MCA degree recipients.

Summary

On 30th January 2021, Heritage Institute of Technology, Kolkata (HITK) organized its Fourth Graduation Ceremony 2021 at Swami Vivekananda Auditorium, The Heritage campus, Kolkata on a Hybrid Platform. Social Initiatives

Recalling the following activities which were undertaken by the students of Heritage Institute of Technology towards Jal Shakti Abhiyaan 2020-21 as an Ode to World Water Day:-

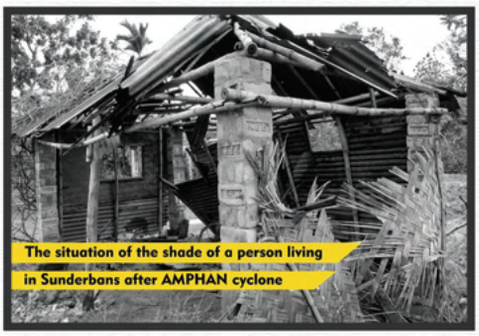

- Rotaract Club of Heritage Institute of Technology on World Environment Day on 5th June 2020 acknowledged the importance of biodiversity and how changing biodiversity is impacting the global ecology in an adverse way. Sundarbans' biodiversity is recognised as one of the world's most diverse which now needs safeguard from the natural disasters. To create this awareness, the club had organized donation campaign for Amphan Relief Fund 2020. Cyclone Amphan has undone most of these developments and the journey begins from scratch again. The destruction of Mangroves put these islands at high environmental risk as their strongest defense against a highly destructive river is now lost.

Findings: Although maximum people surveyed showed concern about plastic pollution, around 8% people did not know how to help reduce pollution. Around 57% people think individual actions are responsible for plastic pollution. Around 85% people carry their own bags for shopping. Although 40% people's first preference after using plastic is to throw it in dustbin,36% people try to reuse it. 12% people surveyed do not use reusable plastic as much as they should. Around 40% people are not aware how much plastic waste they generate in a year. On a positive note, around 70% people agree, that they are concerned about plastic waste pollution.
